**Book of the Bible** .....

Job

## **Bible Summary** .....

The book of Job focuses on God being sovereign over all. Job was a godly man who walked through great suffering in his life by no fault of his own. Throughout all of this suffering, Job never once cursed God. In Job 42:1-6 & 12-17, we read about a time when Job doubted that God was able to fully be in charge of all things. In this passage Job repented of his sin of pride. He earlier had questioned God's being in control of all things but he never cursed God for the suffering he had been through. In this passage Job recognized his own pride for thinking he could defeat and control sin. Job recognized God's power over all. He saw God was sovereign and could fully reign over all things. Job saw God for how powerful and awesome He truly is. After Job had asked forgiveness for his sins, God blessed Job abundantly. Since Job had not cursed God throughout his suffering and asked for forgiveness for his pride, God restored to him everything he had lost before. Job was given an even greater fortune, he had thousands of animals and 10 children. Job lived a long full life. We can learn from Job by his example of trusting and worshipping God no matter what we walk through. Even though we may not understand the things we walk through in life we can always keep our eyes on Jesus who will never leave us or forsake us.
