DIGGING DEEPER

EARLY CHILDHOOD

While Driving in the car, talk about all the things God has created. Look out the windows and play a game of *I Spy Something God Created*.

At dinner ask your child to tell you about some of the Bible lessons they have heard this month. Do they have a favorite? Ask your child to retell you one of the Bible lessons and talk about it as a family.

Before bed, read a Bible story with your child and ask them what God is doing in the story. How is He caring for the people. Remind your child, God created them and He loves them very much. He knows everything about them and He has a plan for them. Pray together and thank Him for His love and care.

Write down our Bible verse and place it somewhere that you and your child will see it everyday. Each time you see the Bible verse, say the verse together and make a challenge to memorize the verse by the end of the month.
