

# In the Beginning, **GOD CREATED**

**Date** September 25, 2022

**Passage** Genesis 6-9

**Main Point** God has a plan.

**Application** I can trust God's plan.

## **Bible Summary**

Last week, we learned about Adam and Eve sinning in the garden. Many years after this, there were many people living on Earth, but they were all choosing to disobey God. God was upset that these people He created didn't know Him, were being so mean to each other, and were disobeying Him. God created us to know God, to follow Him, and to tell others about Him. God was so upset to see His creation not loving Him and disobeying Him that He planned to destroy everything He created by flooding the whole Earth. There was a man named Noah who loved God and his family loved God too. God told Noah He was going to flood the Earth, but before He did that, He told Noah to build an ark. This very large boat would need to be big enough to hold Noah, his family, and two of every animal God would save. It might have been hard for Noah to understand what God was going to do, but Noah trusted God and he built the ark. God did exactly as He said He would do and flooded the whole Earth destroying everything but Noah, his family, and the animals on the ark were saved from the flood. After being on the ark for over a year, God told Noah and his family to come out of the ark. The land was dry and God had saved them from being destroyed by the flood. Noah built an altar to the Lord and God promised to never to destroy everything on Earth by flooding it ever again. God destroyed everything on Earth with the flood because of the sin that was taking over, but God wasn't finished with His plan. He saved Noah, Noah's family, and enough animals to fill the earth again with His creation. God has a plan and nothing can change or get in the way of His plan.

## **Digging Deeper**

While playing outside, encourage your child to draw a rainbow or encourage them to draw one with you. Ask them to tell you what a rainbow reminds us of. God gave us a rainbow to remember His promise to never flood the earth again. God keeps all His promises and nothing gets in the way of His plan.

## **Bible Verse**

"The plans of the Lord stand firm forever."  
Psalm 33:11
