## DIGGING DEEPER

## EARLY CHILDHOOD

As you are driving in the car together, play a game to see who can guess the story about Jesus first. Choose someone to give clues about a story they have learned about Jesus. Once someone guesses the story, talk about the story and what it teaches us about Jesus.

As you are having dinner together, talk together about everyone's day. What was the best part of everyone's day and what was the worst part of the day. Thank Jesus for the best parts of the day and ask Him to help with the worst parts of the day.

Let your child choose a Bible story to read each night. Talk about the story and what it teaches us. Then pray together before going to sleep.

Ask your child to draw you a picture of a Bible story they have recently learned. Ask them to tell you about the picture and the story they have learned. Then talk about the Bible story together.
